RE: Open Gym Funding Update

We are excited more villages are taking advantage of the monies to help support Open Gym. Due to the increase in number of communities BBAHC Diabetes Community Wellness Program is making some changes in our reimbursement.

Below are the changes you need to be aware of in the new Open Gym Funding Application FY2018.

- Facilities in which open gym is conducted will be reimbursed a maximum of $300.00/month at $10.00 an hour, to assist with the cost of utilities. The Employer of the
- Supervisor/s will be reimbursed a maximum of $375.00/month or $15.00 an hour. ($375.00 divided by $15.00 = 25 hours)

We understand this has an impact and will continue to work to be financially responsible to accomplish our mission to provide quality health care with competence and sensitivity.

If you have any questions regarding these changes, please do not hesitate to contact me.

Sincerely,

Diabetes Community Wellness Program
